INSTRUCCIONES DE MONTAJE

Durante el montaje no apriete los tornillos hasta que todos los componentes estén alineados correctamente y luego apriételos completamente.

PASO 1

Coloque las patas (B) en la parte superior (A) y la bandeja (D) en las patas (B). Para ello, use los tornillos (H) y las tuercas (J) correspondientes tal como se indica en la ilustración.

Partes necesarias:

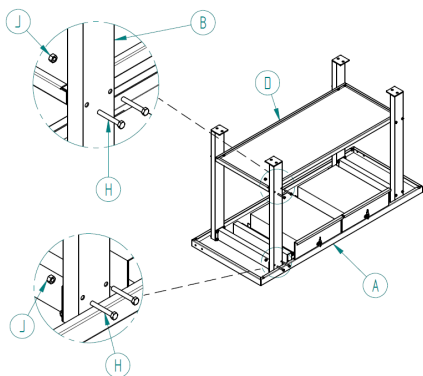

A x 1pc

B x 4pcs

D x 1pc

H x 24pcs

J x 24pcs

PASO 2

Coloque las 2 placas de metal (G) y los 2 marcos (F) en la parte superior de la mesa (A). Use 5 tornillos (K) y 5 tuercas hexagonales (L) para cada uno de los marcos tal como se indica en la ilustración.

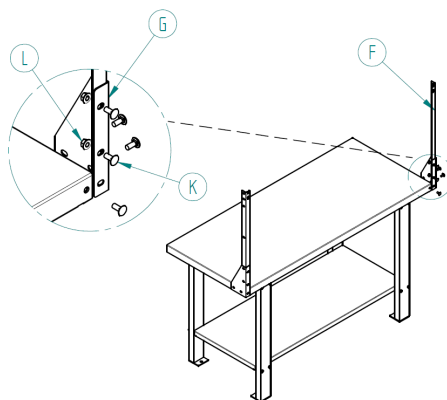

Partes necesarias:

F x 2pcs

G x 2pcs

K x 10pcs

L x 10pcs

PASO 3

Coloque el panel de exposición (C) en los dos marcos (F) montados en el paso anterior:

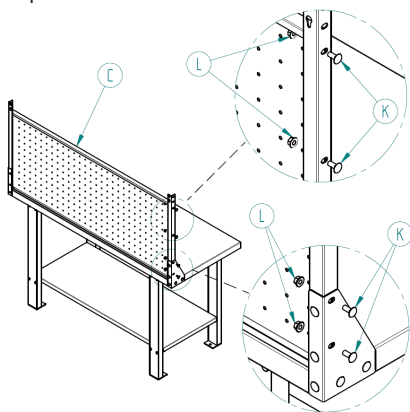

- Parte inferior: introduzca 2 tornillos (K) a través de los orificios del marco (F) y la placa de metal (G), y apriételos mediante las 2 tuercas hexagonales (L).
- Parte superior: introduzca 2 tornillos (K) a través de los orificios del marco (F) y apriételos mediante las 2 tuercas hexagonales (L).

Partes necesarias:

C x 1pc

K x 8pcs

L x 8pcs

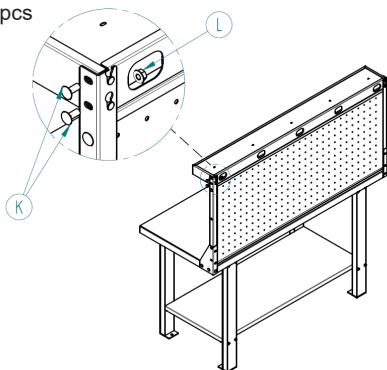

**PASO 4**

Coloque la placa o bandeja superior (E) en el panel de exposición (C). Use 2 tornillos (K) y 2 tuercas hexagonales (L) en ambos lados para fijarla en su sitio tal como se indica en la ilustración.

Partes necesarias:

K x 4pcs

L x 4pcs

**PASO 5**

Para colocar el receptáculo (R) (no incluido con el producto), fije los 2 clips (P) en el panel (C) usando los 2 tornillos (Q) y las 2 tuercas (M) tal como se indica en la ilustración.

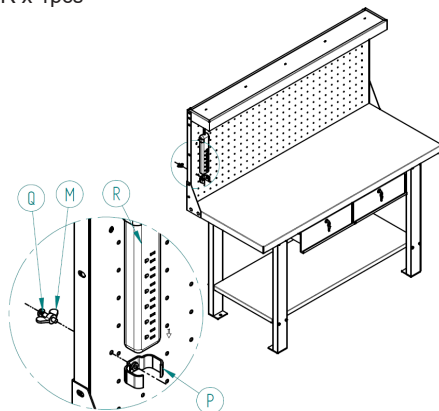

Partes necesarias:

M x 2pcs

P x 2pcs

Q x 2pcs

R x 1pcs

**PASO 6**

Para colocar la lámpara (S) (no incluida en el producto), fíjela en la bandeja superior (E) usando las tuercas (M), tuercas hexagonales (N) y tornillos (O) tal como se muestra en la ilustración.

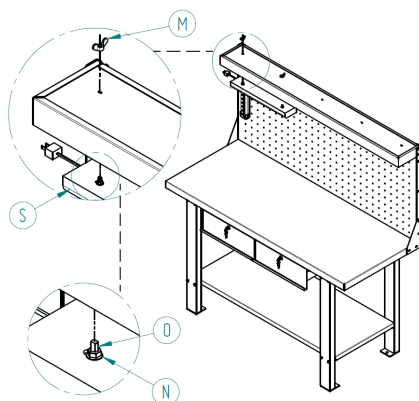

Partes necesarias:

M x 4pcs

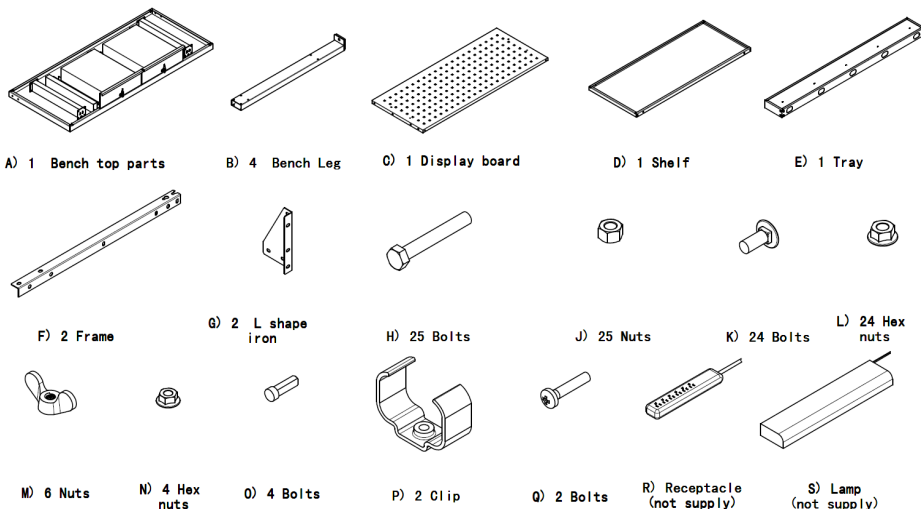

N x 4pcs

O x 4pcs

S x 2pcs

PARTS LIST

ASSEMBLY INSTRUCTIONS

During assembly do not tighten bolts until all components are properly aligned, then fully tighten.

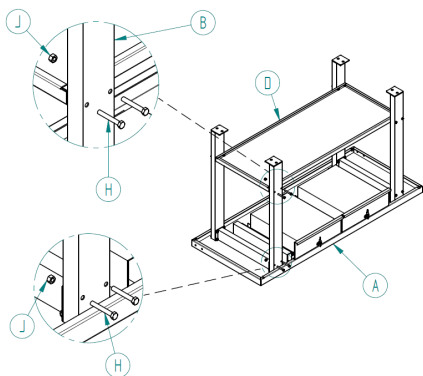

STEP 1

Fix the bench legs (B) to the top part (A), and the shelf (D) onto the legs (B). Use the corresponding bolts (H) and nuts (J) to do so as illustrated in the figure.

Parts needed:

A x 1pc
B x 4pcs
D x 1pc

H x 24pcs
J x 24pcs

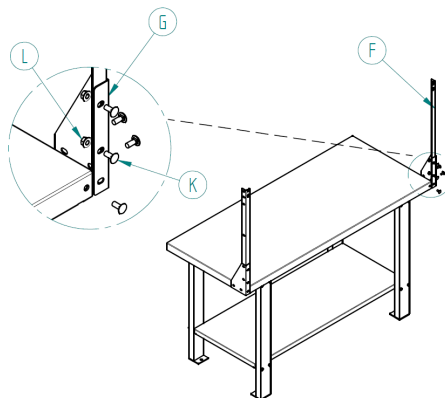

STEP 2

Fix the 2 iron plates (G) and the 2 frames (F) onto the bench top part (A). Use the 5 bolts (K) and 5 hexagonal nuts (L) for each of the 2 frames as illustrated in the figure.

Parts needed:

F x 2pcs
G x 2pcs
K x 10pcs
L x 10pcs

STEP 3

Fix the display board (C) onto the 2 frames (F) assembled in the previous step:

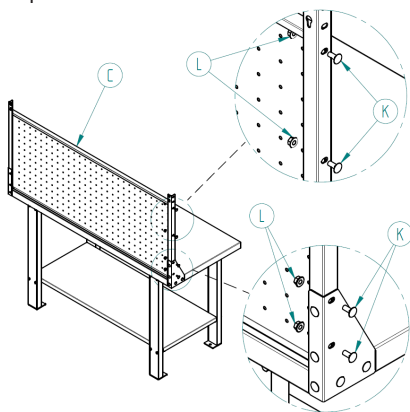

- Lower part: insert the 2 bolts (K) through the holes of the frame (F) and iron plate (G), and tighten them using the 2 hexagonal nuts (L).
- Upper part: insert the 2 bolts (K) through the holes of the frame (F), and tighten them using the 2 hexagonal nuts (L).

Parts needed:

C x 1pc

K x 8pcs

L x 8pcs

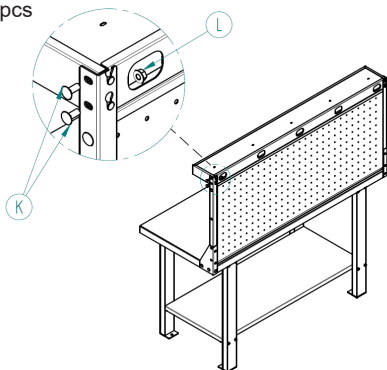

**STEP 4**

Fix the tray (E) onto the display board (C). Use 2 bolts (K) and 2 hexagonal nuts (L) to fix each of the ends of the tray (E) in place as illustrated in the figure

Parts needed:

K x 4pcs

L x 4pcs

**STEP 5**

To assemble the receptacle (R) (not supplied), fix the 2 clips (P) onto the display board (C) using the 2 bolts (Q) and 2 nuts (M) as illustrated in the figure.

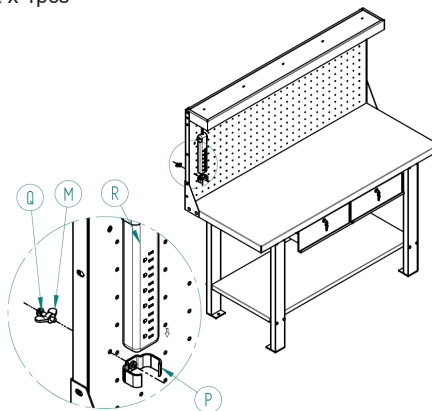

Parts needed:

M x 2pcs

P x 2pcs

Q x 2pcs

R x 1pcs

**STEP 6**

To assemble the lamp (S) (not supplied), fix it onto the tray (E) using the nuts (M), hexagonal nuts (N) and bolts (O) as illustrated in the figure.

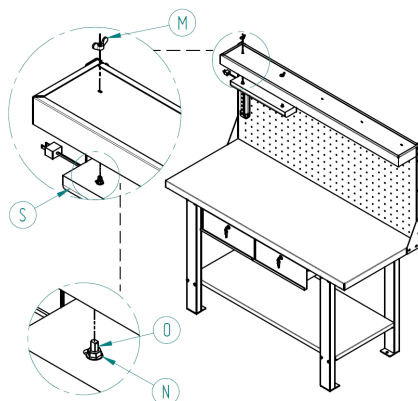

Parts needed:

M x 4pcs

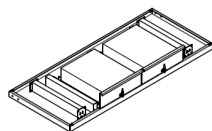

N x 4pcs

O x 4pcs

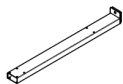

S x 2pcs

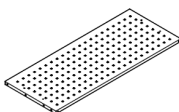

LISTE DES PIÈCES

INSTRUCTIONS DE MONTAGE

Lors du montage de l'établi, ne serrez pas les boulons tant que toutes les pièces ne sont pas parfaitement alignées. Après avoir aligné, serrez fermement les boulons.

ÉTAPE 1

Fixez les pieds de l'établi (B) au couvercle (A) et la planche (D) aux pieds (B). Fixez avec les boulons (H) et les écrous (J) appropriés comme illustré.

Pièces :

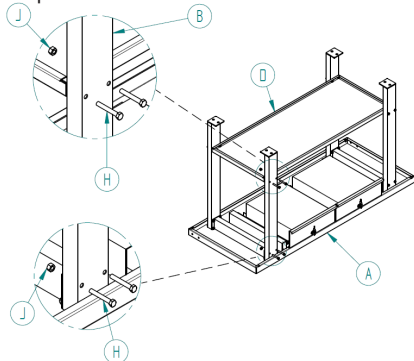

A x 1 pièce

B x 4 pièces

D x 1 pièces

H x 24 pièces

J x 24 pièces

ÉTAPE 2

Fixez 2 supports en acier (G) et 2 profilés (F) au couvercle de l'établi (A). Fixez des deux côtés avec 5 boulons (K) et 5 écrous hexagonaux (L) comme illustré.

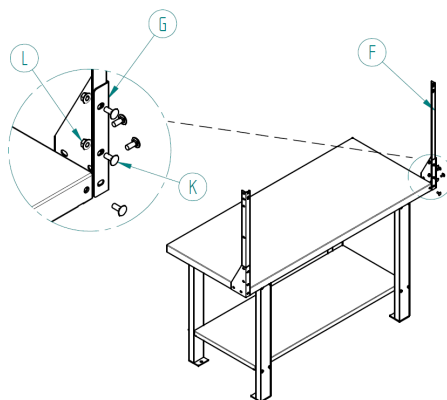

Pièces :

F x 2 pièces

G x 2 pièces

K x 10 pièces

L x 10 pièces

ÉTAPE 3

Fixez l'écran perforé (C) aux deux profilés (F) installés précédemment :

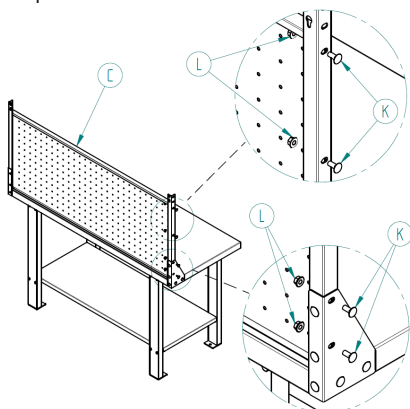

- Partie inférieure : installez deux boulons (K) dans les trous du profilé (F) et du support (G) ; fixez avec deux écrous hexagonaux (L).
- Partie supérieure : installez deux boulons (K) dans les trous du profilé (F) ; fixez avec deux écrous hexagonaux (L).

Pièces :

C x 1 pièce

K x 8 pièces

L x 8 pièces

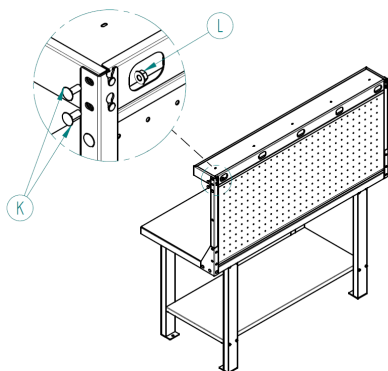

**ÉTAPE 4**

Fixez le panneau pour lampe (E) à l'écran perforé (C). Fixez le panneau (E) de chaque côté avec deux boulons (K) et deux écrous hexagonaux (L) comme illustré.

Pièces :

K x 4 pièces

L x 4 pièces

**ÉTAPE 5**

Pour installer la prise (R) (non incluse), fixez deux agrafes (P) à l'écran (C) avec deux boulons (Q) et deux écrous (M) comme illustré.

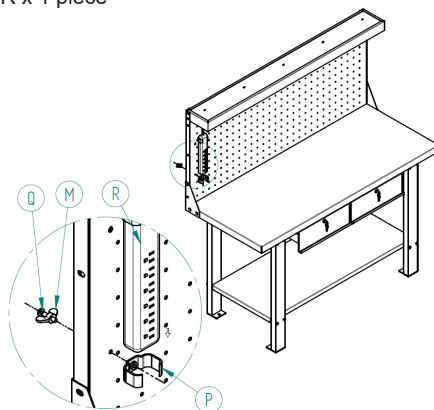

Pièces :

M x 2 pièces

P x 2 pièces

Q x 2 pièces

R x 1 pièce

**ÉTAPE 6**

Pour installer la lampe (S) (non incluse), fixez-la au panneau de montage (E) avec des écrous à oreilles (M), des écrous hexagonaux (N) et des boulons (O) comme illustré.

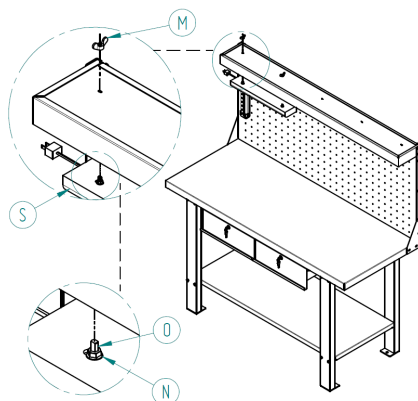

Pièces :

M x 4 pièces

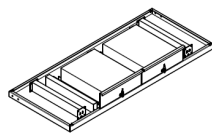

N x 4 pièces

O x 4 pièces

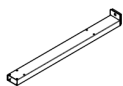

S x 2 pièces

AUFBAUANLEITUNG

Ziehen Sie die Schrauben beim Aufbau der Werkbank erst fest, wenn alle Bauelemente genau abgeglichen sind. Ziehen Sie die Schrauben nach der Abrichtung fest an.

SCHRITT 1

Die Werkbankbeine (B) werden zu der Bankplatte (A) und das Fachbrett (D) zu den Beinen (B) befestigt und mit entsprechenden Schrauben (H) und Schraubenmuttern (J) fixiert (siehe Abbildung).

Bauelemente:

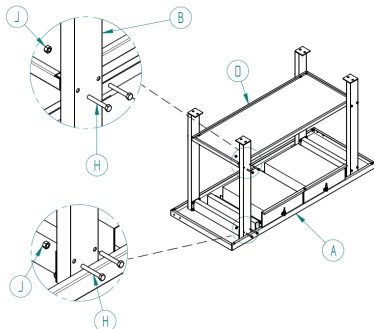

A x 1 St.

B x 4 St.

D x 1 St.

H x 24 St.

J x 24 St.

SCHRITT 2

2 Stahlhalterungen (G) und 2 Profile (F) werden zu der Bankplatte (A) befestigt und beidseits mit 5 Schrauben (K) und 5 Sechskantmuttern (L) fixiert (siehe Abbildung).

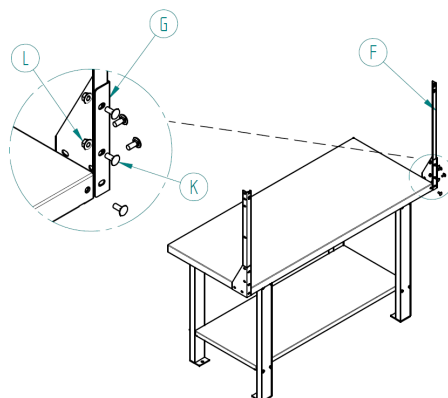

Bauelemente:

F x 2 St.

G x 2 St.

K x 10 St.

L x 10 St.

SCHRITT 3

Das Lochblech (C) wird zu zwei vorher montierten Profilen (F) befestigt:

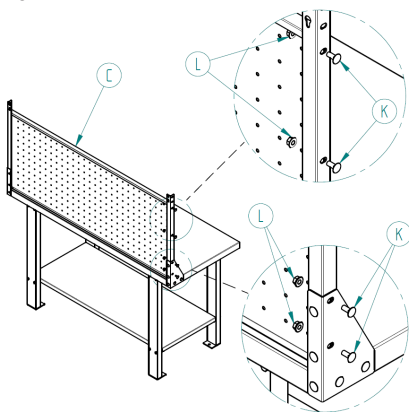

- Unterteil: zwei Schrauben (K) in die Löcher des Profils (F) und der Halterung (G) hineinstecken und mit zwei Sechskantmutter (L) fixieren.
- Oberteil: zwei Schrauben (K) in die Löcher des Profils (F) hineinstecken und mit zwei Sechskantmutter (L) fixieren.

Bauelemente:

C x 1 St.

K x 8 St.

L x 8 St.

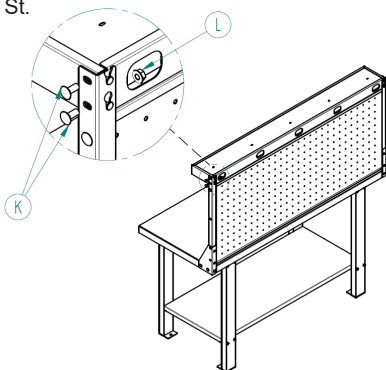

**SCHRITT 4**

Die Beleuchtungskörperplatte (E) wird zum Lochblech (C) befestigt. Die Platte (E) wird jederseits mit zwei Schrauben (K) und zwei Sechskantmutter (L) fixiert (siehe. Abbildung).

Bauelemente:

K x 4 St.

L x 4 St.

**SCHRITT 5**

Für die Installation der Steckdose (R) (ist im Lieferumfang nicht erhalten) werden zwei Halteklammern (P) auf das Lochblech (C) mit zwei Schrauben (Q) und zwei Schraubenmutter (M) fixiert (siehe. Abbildung).

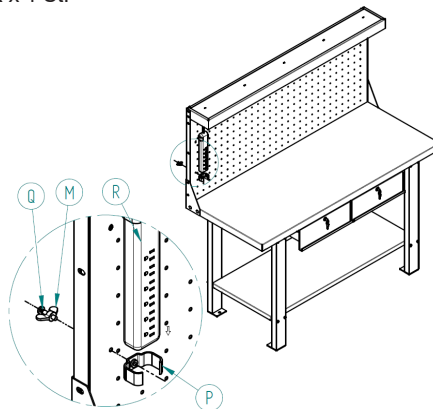

Bauelemente:

M x 2 St.

P x 2 St.

Q x 2 St.

R x 1 St.

**SCHRITT 6**

Leuchters (S) (ist im Lieferumfang nicht erhalten) wird er auf die Anschlussplatte (E) mit Flügelrundmutter (M), Sechskantmutter (N) und Schrauben (O) fixiert (siehe. Abbildung).

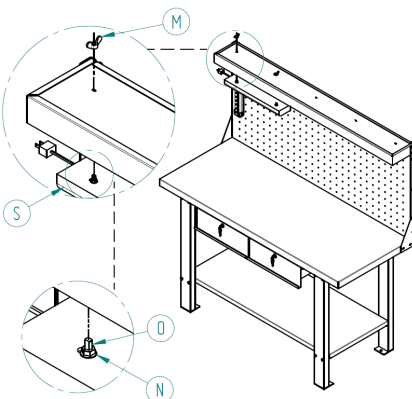

Bauelemente:

M x 4 St.

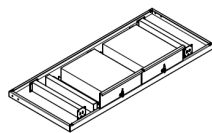

N x 4 St.

O x 4 St.

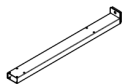

S x 2 St.

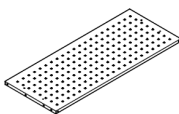

ELENCO DELLE PARTI

A) 1 copertura per banco da lavoro

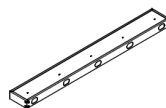

B) 4 gambe del banco da lavoro

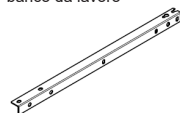

C) 1 schermo perforato

D) 1 ripiano

E) 1 pannello per lampada

F) 2 profili

G) 2 staffe in acciaio

H) 25 bulloni

J) 25 dadi

K) 24 bulloni

L) 24 dadi esagonali

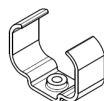

M) 6 galletti

N) 4 dadi esagonali

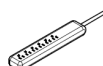

O) 4 bulloni

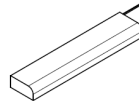

P) 2 graffette

Q) 2 bulloni

R) presa (non inclusa)

S) lampada (non inclusa)

ISTRUZIONI DI MONTAGGIO

Durante l'assemblaggio del banco da lavoro, non serrare i bulloni finché tutte le parti non sono allineate con precisione. Dopo l'allineamento, serrare saldamente i bulloni.

PASSO 1

Attaccare le gambe del banco da lavoro (B) al coperchio (A) e il ripiano (D) alle gambe (B). Fissare con bulloni (H) e dadi (J) del tipo appropriato come mostrato nella figura.

Parti:

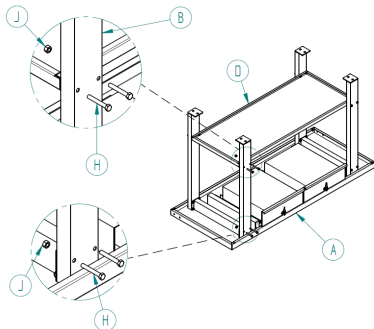

A x 1 pz.

B x 4 pz.

D x 1 pz.

H x 24 pz.

J x 24 pz.

PASSO 2

Fissare 2 staffe in acciaio (G) e 2 profili (F) alla copertura del banco da lavoro (A). Fissare su entrambi i lati con 5 bulloni (K) e 5 dadi esagonali (L) come mostrato nella figura.

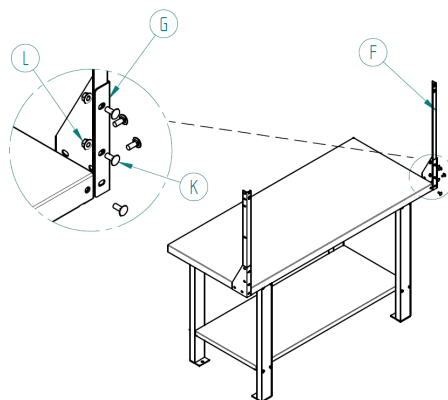

Parti:

F x 2 pz.

G x 2 pz.

K x 10 pz.

L x 10 pz.

PASSO 3

Fissare lo schermo perforato (C) ai due profili (F) installati in precedenza:

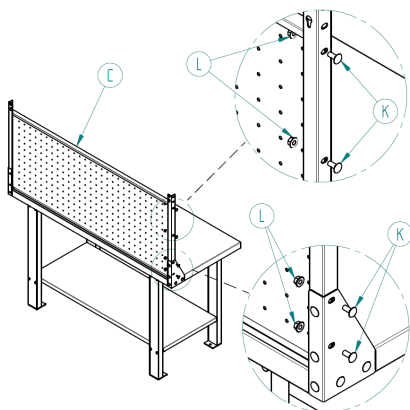

- Parte inferiore: inserire due bulloni (K) nei fori del profilo (F) e nella staffa (G); fissare con due dadi esagonali (L).
- Parte superiore: inserire due bulloni (K) nei fori del profilo (F); fissare con due dadi esagonali (L).

Parti:

C x 1 pz.

K x 8 pz.

L x 8 pz.

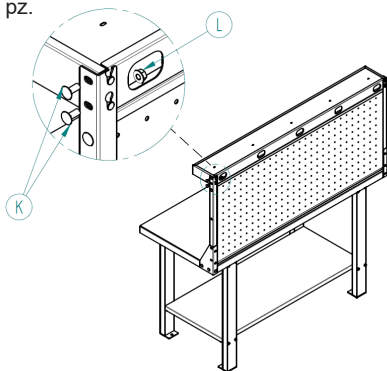

**PASSO 4**

Attaccare il pannello per la lampada (E) allo schermo perforato (C). Fissare il pannello (E) su ogni lato usando due bulloni (K) e due dadi esagonali (L) come mostrato nella figura.

Parti:

K x 4 pz.

L x 4 pz.

**PASSO 5**

Per installare la presa (R) (non e' compresa nella fornita), fissare le due graffette (P) allo schermo (C) con due bulloni (Q) e due dadi (M) come mostrato in figura.

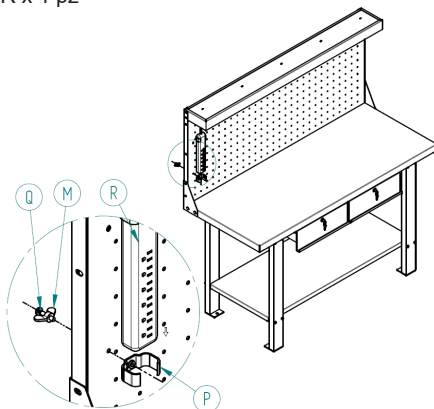

Parti:

M x 2 pz.

P x 2 pz.

Q x 2 pz.

R x 1 pz.

**PASSO 6**

Per installare la lampada (S) (non e' compresa nella fornitura), fissarla al pannello di montaggio (E) usando i galletti (M), i dadi esagonali (N) e i bulloni (O) come mostrato in figura.

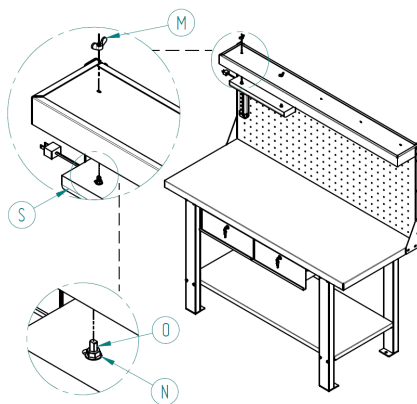

Parti:

M x 4 pz.

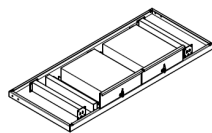

N x 4 pz.

O x 4 pz.

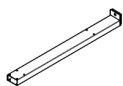

S x 2 pz.

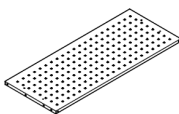

LISTA DAS PEÇAS

A) 1 tampa da bancada

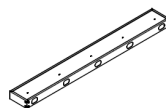

B) 4 pernas da bancada

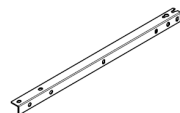

C) 1 tela perfurada

D) 1 prateleira

E) 1 painel para lâmpada

F) 2 perfis

G) 2 suportes de aço

H) 25 parafusos

J) 25 porcas

K) 24 parafusos

L) 24 porcas sextavadas

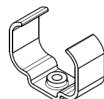

M) 6 porcas de asa

N) 4 porcas sextavadas

O) 4 parafusos

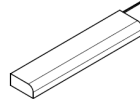

P) 2 grampos

Q) 2 parafusos

R) soquete (não incluído)

S) lâmpada (não incluída)

INSTRUÇÕES DE MONTAGEM

Ao montar a bancada, não aperte os parafusos até que todas as peças estejam perfeitamente alinhadas. Após o alinhamento, aperte os parafusos com segurança.

ETAPA 1

Fixe as pernas da bancada (B) à tampa (A) e a prateleira (D) às pernas (B). Prenda com os parafusos (H) e porcas (J) apropriados, conforme mostrado na ilustração.

Peças:

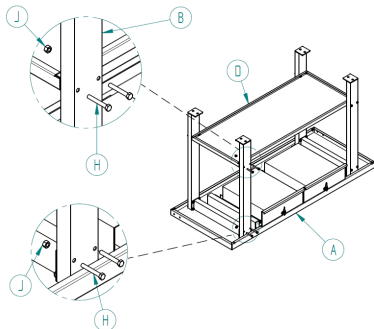

A x 1 pç.

B x 4 pçs.

D x 1 pçs.

H x 24 pçs.

J x 24 pçs.

ETAPA 2

Fixe 2 suportes de aço (G) e 2 perfis (F) à tampa da bancada de trabalho (A). Prenda em ambos os lados com 5 parafusos (K) e 5 porcas sextavadas (L) conforme mostrado.

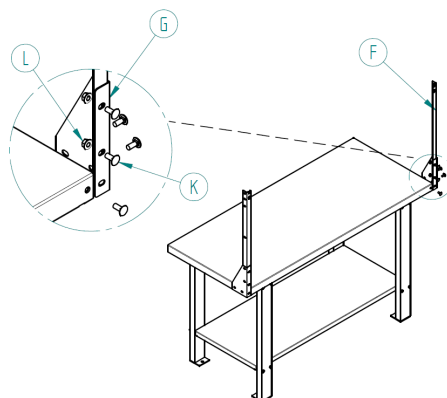

Peças:

F x 2 pçs.

G x 2 pçs.

K x 10 pçs.

C x 10 pçs.

ETAPA 3

Anexe a tela perfurada (C) aos dois perfis (F) instalados anteriormente:

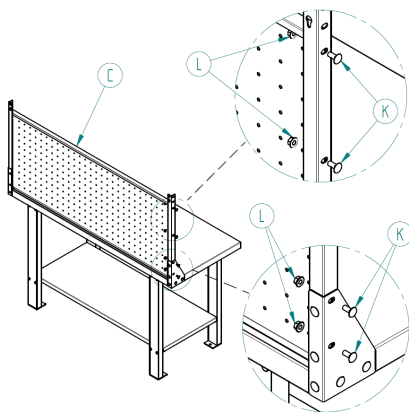

- Parte inferior: instale dois parafusos (K) nos furos do perfil (F) e no suporte (G); prenda com duas porcas sextavadas (L).
- Parte superior: instale dois parafusos (K) nos furos do perfil (F); prenda com duas porcas sextavadas (L).

Peças:

C x 1 pç.

K x 8 pçs.

L x 8 pçs.

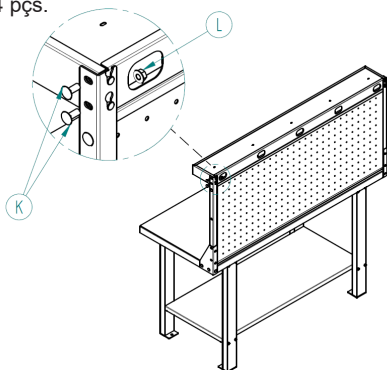

**ETAPA 4**

Fixe o painel da lâmpada (E) à tela perfurada (C). Fixe o painel (E) em cada lado com dois parafusos (K) e duas porcas sextavadas (L) conforme mostrado.

Peças:

K x 4 pçs.

C x 4 pçs.

**ETAPA 5**

Para instalar um soquete (R) (não fornecido), fixe os dois suportes (P) à tela (C) com dois parafusos (Q) e duas porcas (M) conforme mostrado.

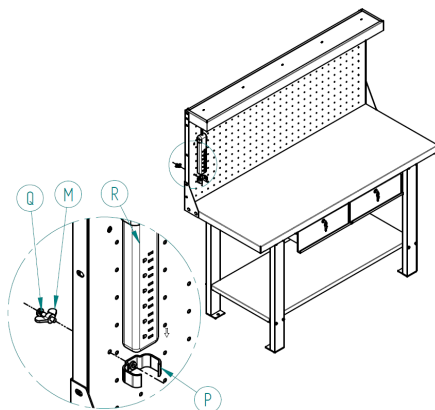

Peças:

M x 2 pçs.

P x 2 pçs.

Q x 2 pçs.

R x 1 pç.

**ETAPA 6**

Para instalar a lâmpada (S) (não fornecida), fixe-a na placa de montagem (E) com porcas de asa (M), porcas sextavadas (N) e parafusos (O) conforme mostrado.

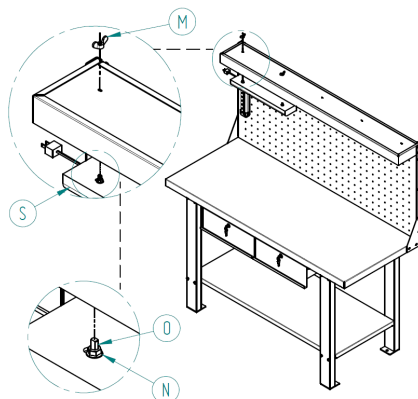

Peças:

M x 4 pçs.

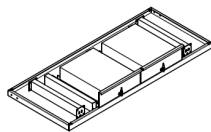

N x 4 pçs.

O x 4 pçs.

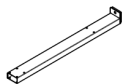

S x 2 pçs.

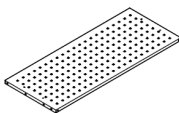

LISTA COMPONENTELOR

A) 1 blat de lucru

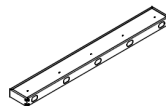

B) 4 picioare banc

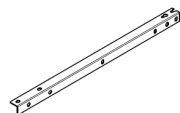

C) 1 ecran perforat

D) 1 raft

E) 1 panou pentru lampă

F) 2 profile

G) 2 suporturi de oțel

H) 25 șuruburi

J) 25 piulițe

K) 24 șuruburi

L) 24 piulițe hexagonale

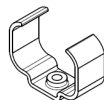

M) 6 piulițe-fluture

N) 4 piulițe hexagonale

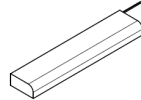

O) 4 șuruburi

Q) 2 șuruburi

R) priză
(nu este inclusă în
setul de livrare)S) lampă
(nu este inclusă în
setul de livrare)

INSTRUCȚIUNI DE ASAMBLARE

În timpul asamblării nu strângeți șuruburile până când toate componentele nu vor fi aliniate corect. După aliniere strângeți bine șuruburile.

PASUL 1

Atașați picioarele bancului de lucru (B) la blatul (A), iar raftul (D) la picioarele bancului de lucru (B). Fixați cu șuruburi (H) și piulițe (J) corespunzătoare, așa cum se arată în ilustrație.

Componente:

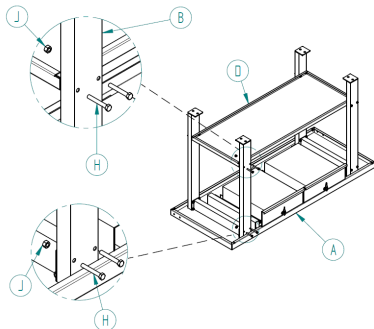

A x 1 buc.

B x 4 buc.

D x 1 buc.

H x 24 buc.

J x 24 buc.

PASUL 2

Atașați 2 suporturi de oțel (G) și 2 profile (F) la blatul bancului de lucru (A). Fixați pe ambele părți cu 5 șuruburi (K) și 5 piulițe hexagonale (L), așa cum se arată în ilustrație.

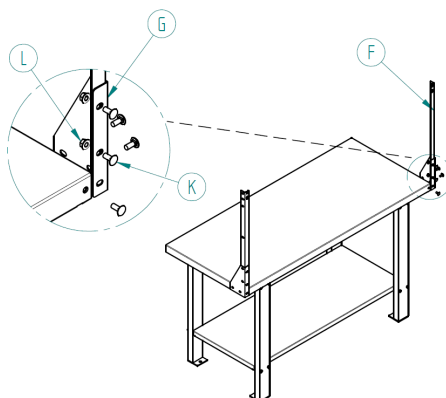

Componente:

F x 2 buc.

G x 2 buc.

K x 10 buc.

L x 10 buc.

PASUL 3

Ataşați ecranul perforat (C) la cele două profile (F), instalate mai devreme:

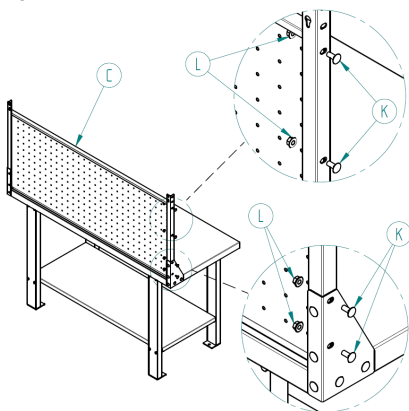

- Partea inferioară: montați două șuruburi (K) în orificiile profilului (F) și ale suportului (G); fixați cu două piulițe hexagonale (L).
- Partea superioară: montați două șuruburi (K) în orificiile profilului (F); fixați cu două piulițe hexagonale (L).

Componente:

C x 1 buc.

K x 8 buc.

L x 8 buc.

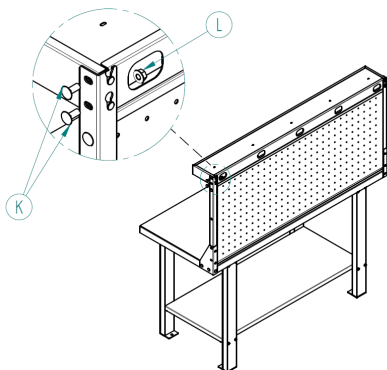

**PASUL 4**

Ataşați panoul pentru lampă (E) la ecranul perforat (C). Fixați panoul (E) pe ambele părți cu două șuruburi (K) și două piulițe hexagonale (L) așa cum se arată în ilustrație.

Componente:

K x 4 buc.

L x 4 buc.

**PASUL 5**

Pentru a instala o priză (R) (nu este inclusă în setul de livrare), ataşați cele două bride (P) la ecranul (C) cu două șuruburi (Q) și două piulițe (M) așa cum se arată în ilustrație.

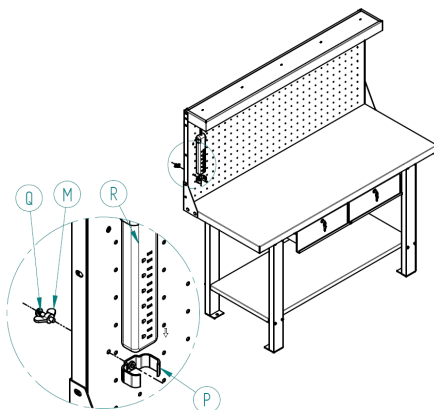

Componente:

M x 2 buc.

P x 2 buc.

Q x 2 buc.

R x 1 buc.

**PASUL 6**

Pentru a instala o lampă (S) (nu este inclusă în setul de livrare), fixați-o pe placa de montare (E) cu piulițe-flutur (M), piulițe hexagonale (N) și șuruburi (O) așa cum se arată în ilustrație.

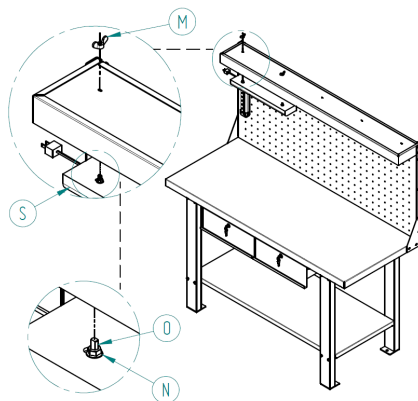

Componente:

M x 4 buc.

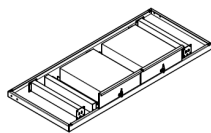

N x 4 buc.

O x 4 buc.

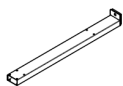

S x 2 buc

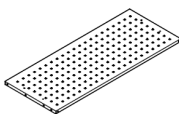

ONDERDELEN LIJST

MONTAGEVOORSCHRIFT

Draai tijdens de montage de bouten pas vast als alle componenten correct zijn uitgelijnd en draai ze vervolgens volledig vast.

STAP 1

Bevestig de bankpoten (B) aan het bovenste deel (A) en de plank (D) aan de poten (B). Gebruik hiervoor de bijbehorende bouten (H) en moeren (J) zoals weergegeven in de afbeelding.

Onderdelen nodig:

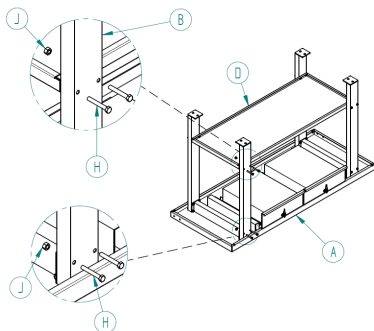

A x 1 stuk

H x 24 stukken

B x 4 stukken

J x 24 stukken

D x 1 stuk

STAP 2

Bevestig de 2 ijzeren platen (G) en de 2 kaders (F) op het tafelblad (A). Gebruik de 5 bouten (K) en 5 zeskantmoeren (L) voor elk van de 2 frames, zoals geïllustreerd in de afbeelding.

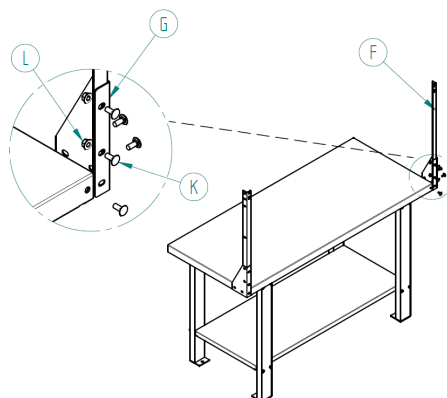

Onderdelen nodig:

F x 2 stukken

G x 2 stukken

K x 10 stukken

L x 10 stukken

STAP 3

Bevestig het 1 displayscherm (C) aan de twee lades (F) geïnstalleerd wond:

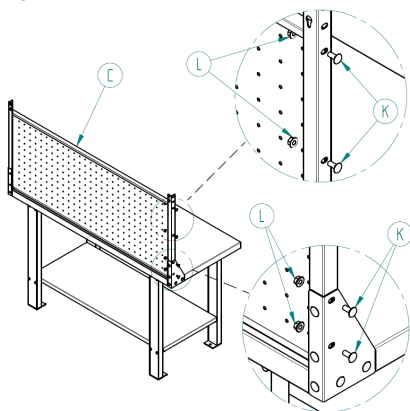

- Onderste deel: steek de 2 bouten (K) door de gaten van het frame (F) en ijzeren beugel (G), en draai ze vast met de 2 zeskantmoeren (L).
- Bovendeel: steek de 2 bouten (K) door de gaten van het kader (F), en draai ze vast met de 2 zeskantmoeren (L).

Onderdelen nodig:

C x 1 stuk

K x 8 stukken

L x 8 stukken

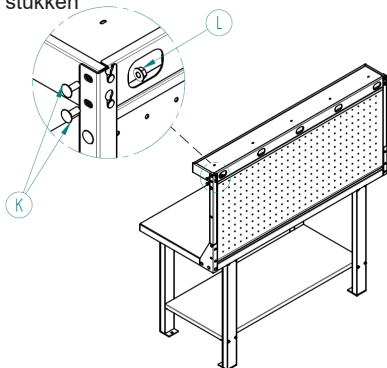

**STAP 4**

Bevestig de montageplaat (E) op het displaybord (C). Gebruik 2 bouten (K) en 2 zeskantmoeren (L) om elk van de uiteinden van de montageplaat (E) op hun plaats te bevestigen zoals geïllustreerd in de afbeelding.

Onderdelen nodig:

K x 4 stukken

L x 4 stukken

**STAP 5**

Om de houder (R) (niet voorzien) te monteren, bevestigst u de 2 clips (P) op het displaybord (C) met behulp van de 2 bouten (Q) en 2 moeren (M) zoals geïllustreerd in de afbeelding.

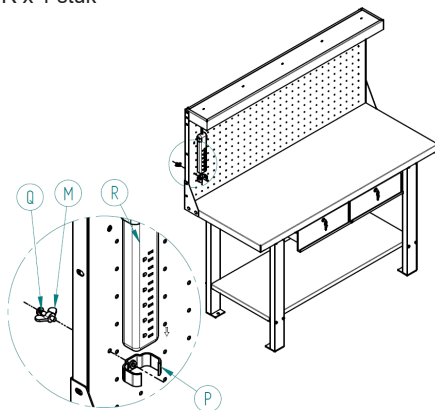

Onderdelen nodig:

M x 2 stukken

P x 2 stukken

Q x 2 stukken

R x 1 stuk

**STAP 6**

Om een lamp (S) (niet voorzien) te installeren, zet u deze vast op de montageplaat (E) met vleugelmoeren (M), zeskantmoeren (N) en bouten (O) zoals afgebeeld.

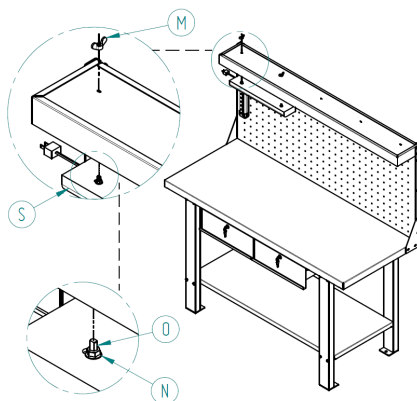

Onderdelen nodig:

M x 4 stukken

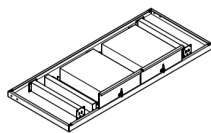

N x 4 stukken

O x 4 stukken

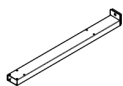

S x 2 stukken

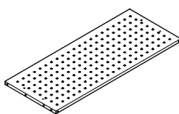

ALKATRÉSZEK LISTÁJA

ÖSSZESZERELÉSI UTASÍTÁSOK

A munkapad összeszerelésekor ne húzza meg a csavarokat, amíg az összes alkatrész pontosan nem igazodik. A szintezés után szorosan húzza meg a csavarokat.

1. LÉPÉS

Csatlakoztassa a munkapad lábait (B) a fedélhez (a), a polcot (D) a lábakhoz (B). Rögzítse a megfelelő típusú csavarokkal (H) és anyákkal (J), az ábrán látható módon.

Alkatrészek:

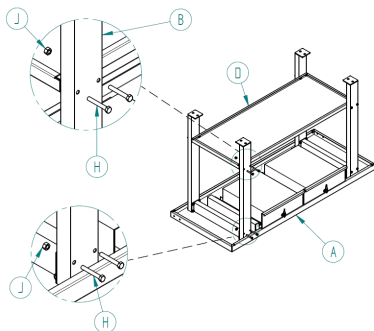

A x 1 db

B x 4 db

D x 1 db

H x 24 db

J x 24 db

2. LÉPÉS

Csatlakoztasson 2 acél tartót (G) és 2 profilt (F) a munkapad fedéléhez (a). Rögzítse mindkét oldalt 5 csavarral (K) és 5 hexadecimális anyával (L), az ábrán látható módon.

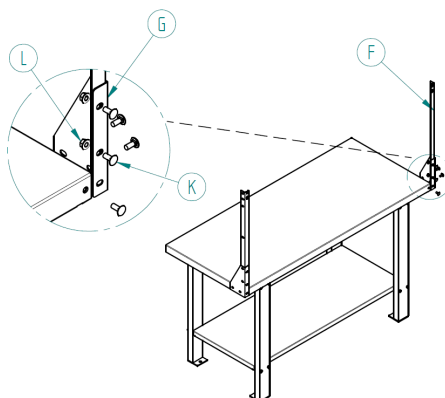

Alkatrészek:

F x 2 db

G x 2 db

K x 10 db

L x 10 db

3. LÉPÉS

Csatlakoztassa a perforált pajzst (C) a korábban telepített két profilhoz (F):

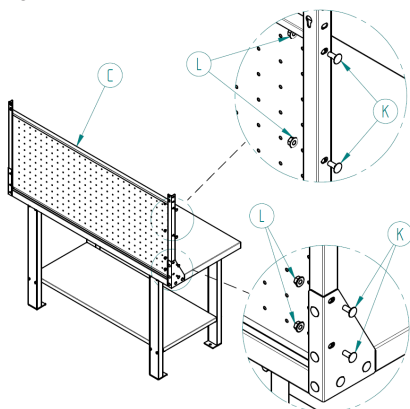

- Alsó rész: szereljen be két csavart (K) a profil (F) és a konzol (G) lyukaiba; rögzítse két hatlapú anyával (L).
- Felső rész: helyezzen be két csavart (K) a profilfuratokba (F); rögzítse két hatlapú anyával (L).

Alkatrészek:

C x 1 db

K x 8 db

L x 8 db

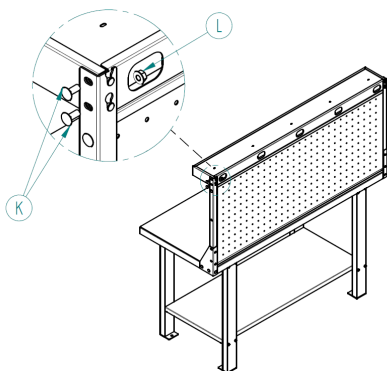

4. LÉPÉS

Csatlakoztassa a lámpa panelét (E) a perforált pajzshoz (C). Rögzítse a panelt (E) mindkét oldalon két csavarral (K) és két hatlapú anyával (L), az ábrán látható módon.

Alkatrészek:

J x 24 шт.

ШАГ 2

Прикрепить 2 стальных кронштейна (G) и 2 профиля (F) к крышке верстака (A). С обеих сторон зафиксировать с помощью 5 болтов (K) и 5 шестигранных гаек (L), как показано на рисунке.

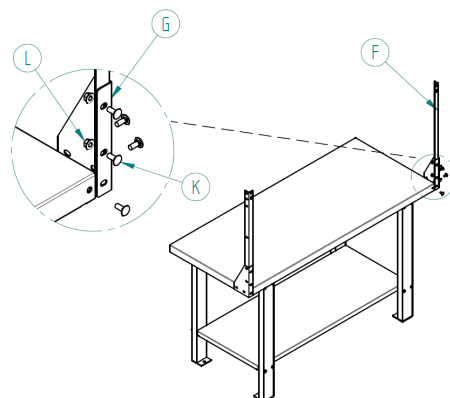

Детали:

F x 2 шт.

G x 2 шт.

K x 10 шт.

L x 10 шт.

ШАГ 3

Прикрепить перфорированный экран (С) к двум профилям (F), установленным ранее:

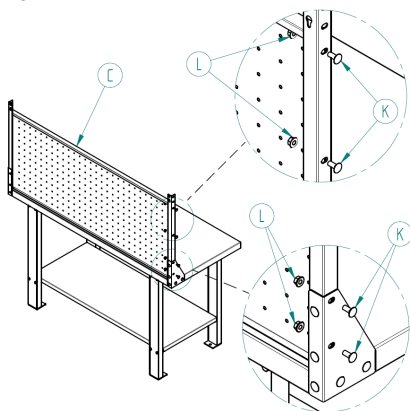

- Нижняя часть: установить два болта (K) в отверстия профиля (F) и кронштейна (G); зафиксировать с помощью двух шестигранных гаек (L).
- Верхняя часть: установить два болта (K) в отверстия профиля (F); зафиксировать с помощью двух шестигранных гаек (L).

Детали:

С x 1 шт.

K x 8 шт.

L x 8 шт.

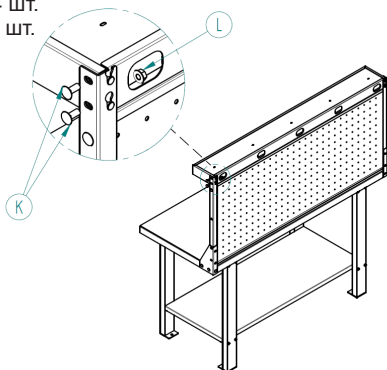

**ШАГ 4**

Прикрепить панель для светильника (Е) к перфорированному экрану (С). Зафиксировать панель (Е) с каждой стороны с помощью двух болтов (K) и двух шестигранных гаек (L), как показано на рисунке.

Детали:

K x 4 шт.

L x 4 шт.

**ШАГ 5**

Чтобы установить розетку (R) (не входит в комплект поставки), закрепите две скобы (P) на экране (С) с помощью двух болтов (Q) и двух гаек (M), как показано на рисунке.

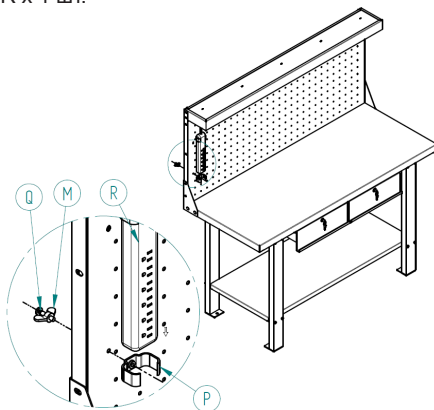

Детали:

M x 2 шт.

P x 2 шт.

Q x 2 шт.

R x 1 шт.

**ШАГ 6**

Чтобы установить светильник (S) (не входит в комплект поставки), закрепите его на монтажной панели (Е) с помощью барашковых гаек (M), шестигранных гаек (N) и болтов (O), как показано на рисунке.

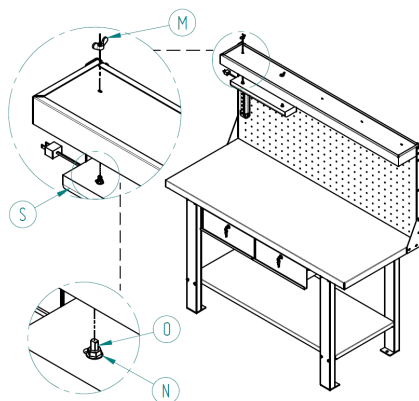

Детали:

M x 4 шт.

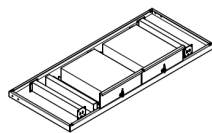

N x 4 шт.

O x 4 шт.

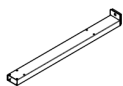

S x 2 шт.

INSTRUKCJA MONTAŻU

Podczas montażu stołu warsztatowego nie dokręcaj śruby, dopóki wszystkie części nie zostaną dokładnie dopasowane. Po wyrównaniu dobrze dokręć śruby.

KROK 1

Przymocuj nogi stołu warsztatowego (B) do pokrywy (A), a półkę (D) do nóg (B). Przymocuj za pomocą śrub (H) i nakrętek (J) odpowiedniego typu, jak pokazano na rysunku.

Części:

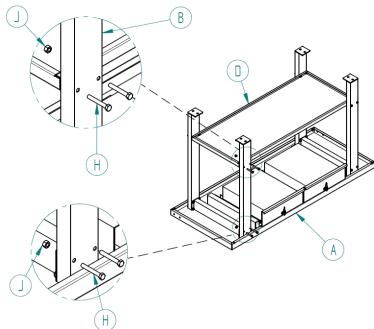

A x 1 szt.

B x 4 szt.

D x 1 szt.

H x 24 szt.

J x 24 szt.

KROK 2

Przymocuj 2 stalowe wsporniki (G) i 2 profile (F) do pokrywy stołu warsztatowego (A). Zamocuj po obu stronach przy pomocy 5 śrub (K) i 5 nakrętek sześciokątnych (L), jak pokazano na rysunku.

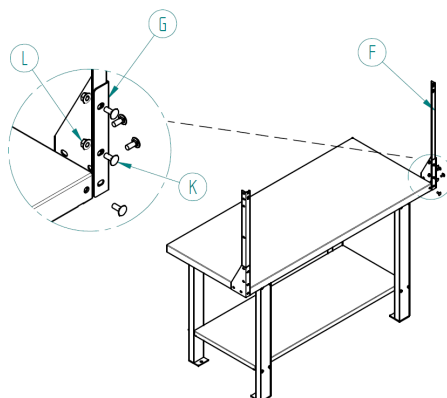

Części:

F x 2 szt.

G x 2 szt.

K x 10 szt.

L x 10 szt.

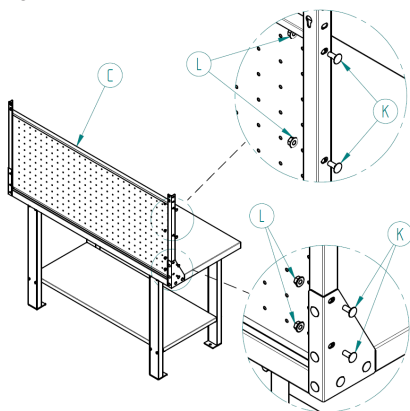

KROK 3

Przymocuj ekran z perforacją (C) do dwóch profili (F) zainstalowanych wcześniej:

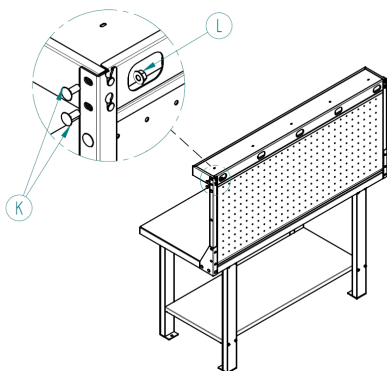

- Część dolna: zamontuj dwie śruby (K) w otworach profilu (F) i we wsporniku (G); przymocuj przy pomocy dwóch nakrętek sześciokątnych (L).
- Część górna: zamontuj dwie śruby (K) w otworach profilu (F); przymocuj przy pomocy dwóch nakrętek sześciokątnych (L).

Części:
C x 1 szt.
K x 8 szt.
L x 8 szt.

**KROK 4**

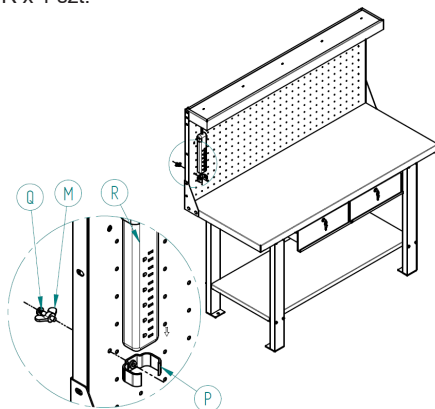

Przymocuj panel dla lampy (E) do ekranu z perforacją (C). Przymocuj panel (E) z każdej strony za pomocą dwóch śrub (K) i dwóch nakrętek sześciokątnych (L), jak pokazano na rysunku.

Części:
K x 4 szt.
L x 4 szt.

**KROK 5**

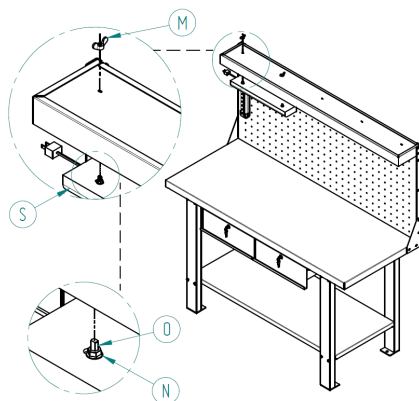

Aby zainstalować gniazdo (R) (brak w zestawie), przymocuj dwa wsporniki (P) do ekranu (C) za pomocą dwóch śrub (Q) i dwóch nakrętek (M), jak pokazano na rysunku.

Części:
M x 2 szt.
P x 2 szt.
Q x 2 szt.
R x 1 szt.

**KROK 6**

Aby zainstalować oświetlenie (S) (brak w zestawie), przymocuj ją do płyty montażowej (E) za pomocą nakrętek motylkowych (M), nakrętek sześciokątnych (N) i śrub (O), jak pokazano na rysunku.

Części:
M x 4 szt.
N x 4 szt.
O x 4 szt.
S x 2 szt.
